

Luis Ángel Meza Acosta

Fullstack Web Developer

📍 Guaymas, Sonora, México | 📞 +52 6221469791 | ✉ angel841bv@gmail.com | 🔗 <https://luismeza.dev> | [Luis-meza-dev](#)

Summary

Software Engineer with **4+ years of development experience** and **2+ years of professional experience**. Specialist in **Django, ASP .NET** and Frontend technologies such as **HTMX, Tailwind** and **React** (basic). Built a platform for **BAE SYSTEMS** that reduced administration time **by 40%** through automated reporting.

Professional experience

BAE SYSTEMS, inc.
Fullstack Developer Intern

January 2025 - July 2025
Guaymas, Sonora, México

- Developed a web platform to record the time of each process in the assembly of aircraft parts and generate reports, **reducing administration time by 40%**, using **Django, HTMX, AlpineJS, SQL Server, Windows Server** and **IIS**.
- Worked in a team developing and implementing a ticketing system for the plant build with **C#, ASP .NET, Bootstrap, SQL SERVER, Windows Server** and **IIS**. This platform **reduced machine downtime by 34%**.

MIGALA
Mobile Developer

April 2021 - January 2023
Remote

- Collaborated with a **remote team** to develop a **cross-platform mobile app** using **Flutter** and **SQLite** enabling internal voting for cooperative organizations and adopted by a local non-profit.
- Applied **SCRUM methodology** to deliver biweekly iterations, coordinating through tools such as **Zoom, Trello, Notion**, and **Figma**.

Non-profit experience

Horus Space Lab
Fullstack Developer & Embedded Developer

February 2023 - December 2024
Guaymas, Sonora, México

- Engineered the onboard computer and telecommunication system for a satellite with **Arduino, LoRa**, and a variety of sensors, **winning eighth place among 120+ teams** in the **Ibero-American Can-Sat Competition 2023**.
- Built a Check in/Check out system, which consists of a dashboard (**Django, HTMX, Tailwind**), a QR scanner (**ESP32 Cam** and a **LCD Screen**) with Wi-Fi and an API (**Django REST Framework**) that connects both, **reducing meeting delays by 30%**.

Education

Instituto Tecnológico de Sonora
Software Engineering
9.4 / 10

August 2021 - May 2025
Bachelor's degree

Relevant Courses: Web Development, Data Structures, Advanced Databases.
